Voters Reject Biden's Move To Require Parents to Embrace
LGBTQ Ideology to Foster Children

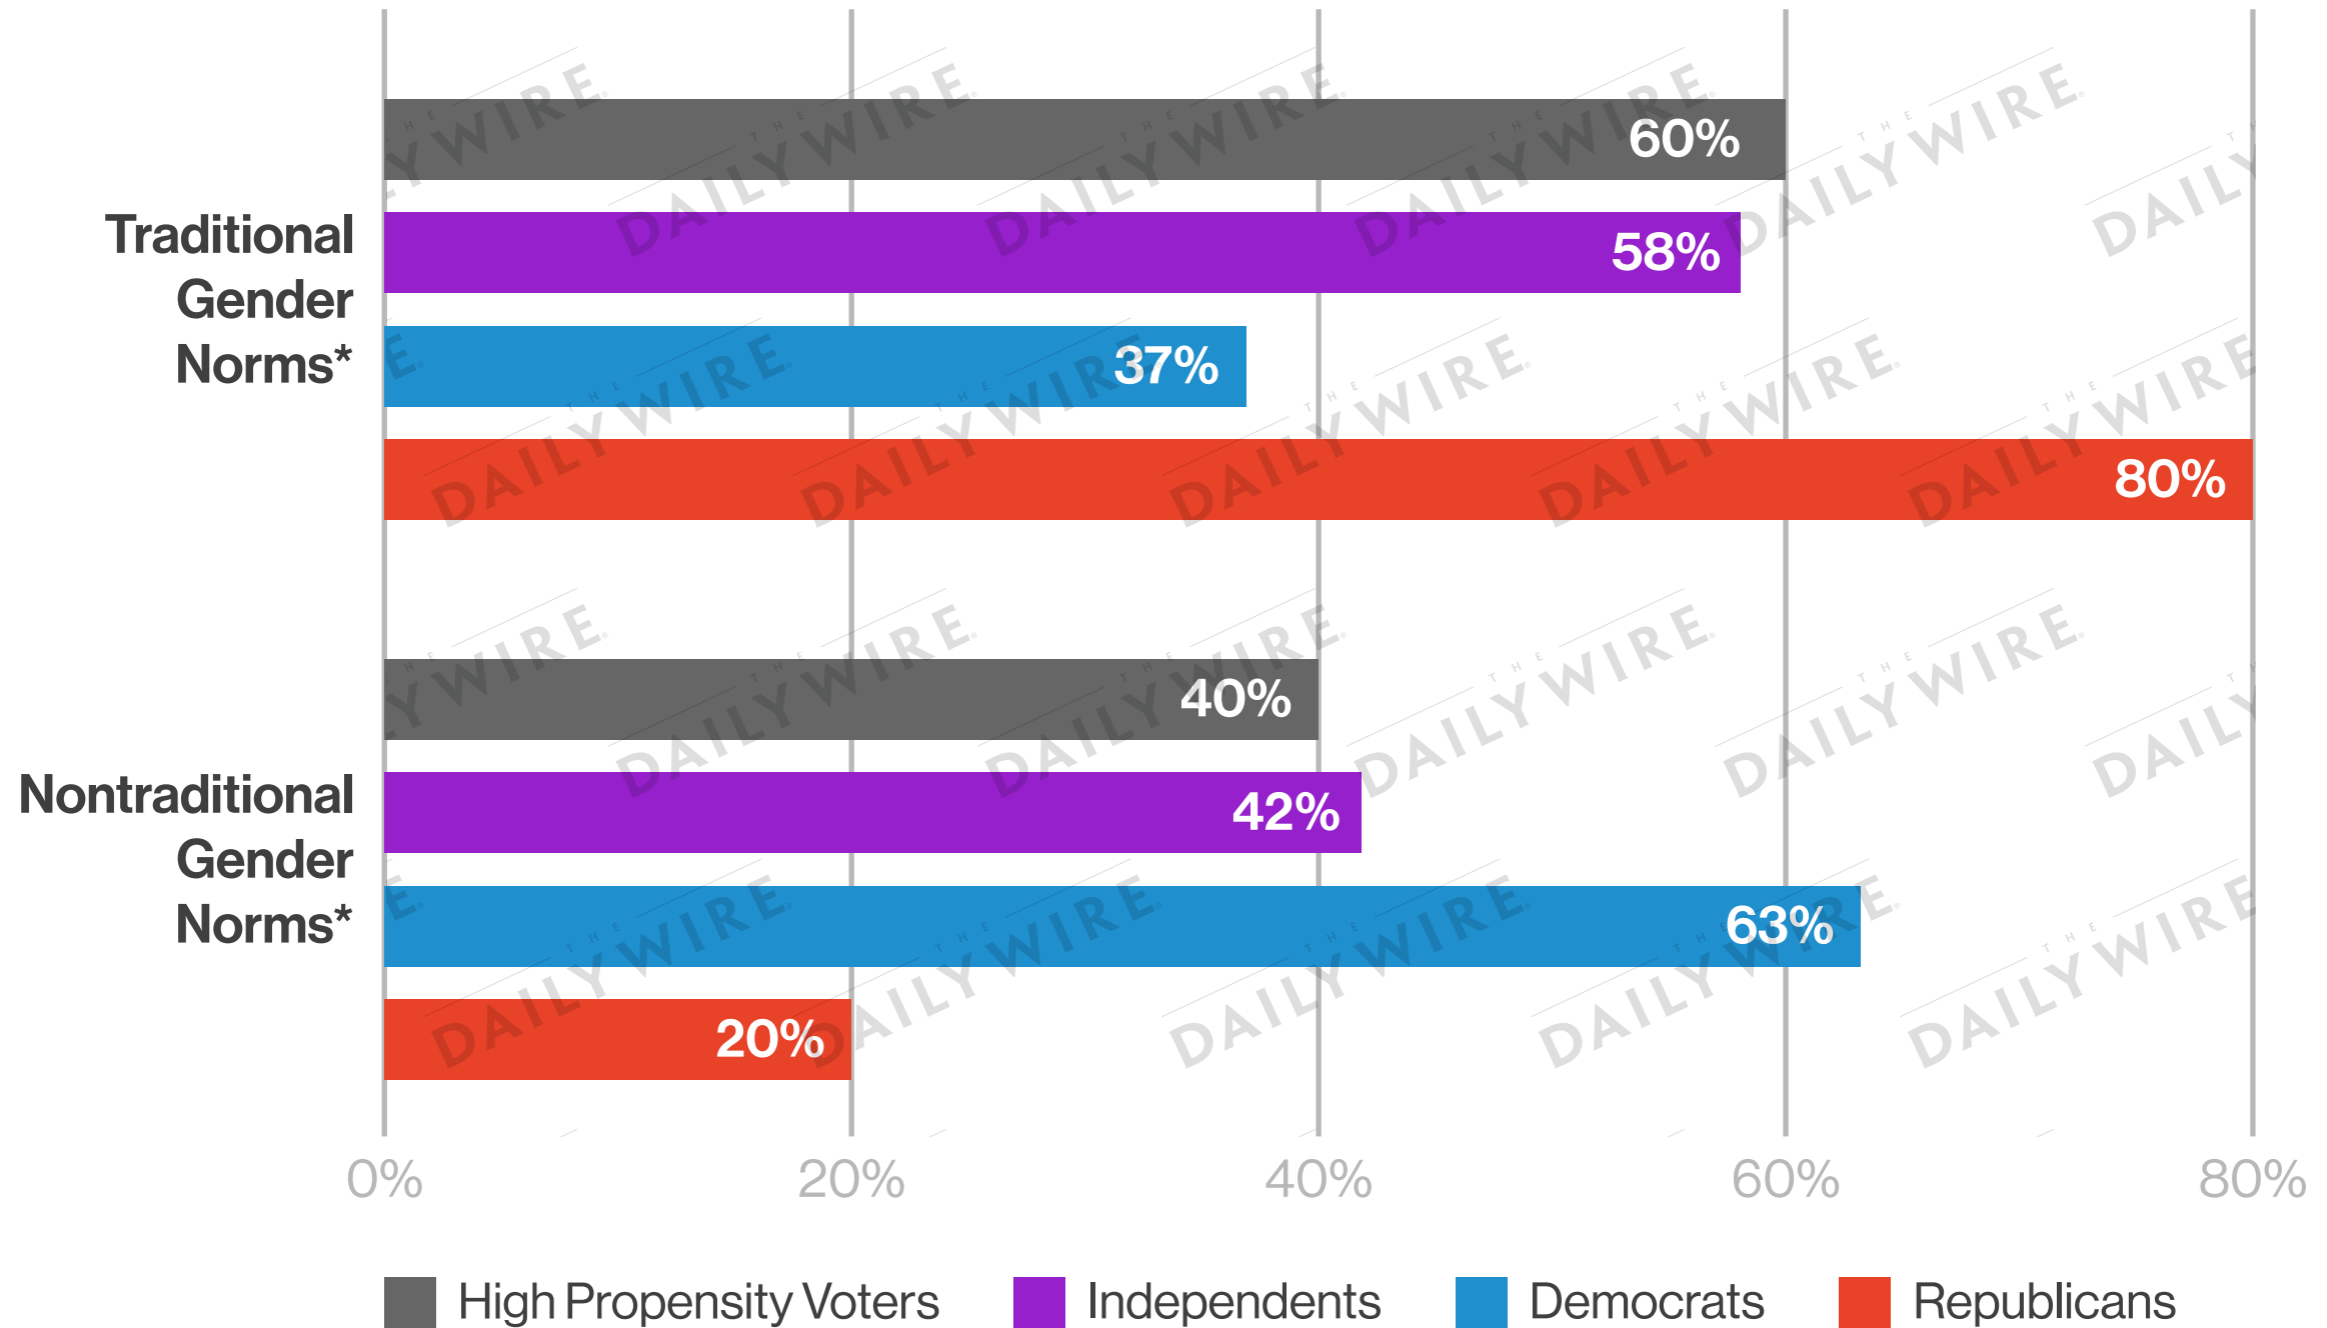

Some states want to ban faith-based families from adopting foster children unless they promise to affirm that children can choose whatever gender identity they want. Should parents who disagree be banned from adopting foster children?

Generally speaking, would it be good or bad for a foster child to be adopted by a faith-based family?

In general, which would be a better family for a foster child?

*Traditional gender norms = A family that believes that biological males are boys and biological females are girls.

*Nontraditional gender norms = A family that believes children should choose their own gender identities and will support any changes with puberty blockers and gender transition surgery.

METHODOLOGY

This Counterpolling™ survey was conducted online for the Daily Wire on June 24-25, 2024 by RMG Research. The sample included 1,000 Registered Voters. Certain quotas were applied, and the sample was lightly weighted by geography, gender, age, race, education, internet usage, and political party to reasonably reflect the nation's population of Registered Voters. Other variables were reviewed to ensure that the final sample is representative of that population.

The margin of sampling error for the full sample is +/- 3.1 percentage points.
